Akela! Let's All Sing Together

These Cub Scout song records are for the entire family – Cub Scouts, parents, Den and Pack leaders, Committeemen, training instructors and roundtable leaders.

The songs in this album include some of the all-time favorites of Cub Scouts and leaders all over America. Some are new, some are old. The records will help you learn the new ones, and help you sing the old ones even better. In teaching and using the songs, you may want to mimeograph some song sheets. To make this easier, we have listed inside this album the words to all the songs.

While this album was recorded especially to help you encourage and improve group singing in your Packs and Dens, you will find it invaluable also at training courses, roundtables, and a "background" music at Blue and Gold Banquets, parties, and other Den, Pack, District or Council activities of many kinds. Use it in skits or stunts, ceremonies, during gathering time activities, at openings and closing. To make it easy to choose the selection you want to play, a grooved band separates each song.

...

The second record opens with one of the newest Cub Scout songs, *Webelos On Parade*. The words and music of this snappy marching song were written by Charmian M. Raben especially for the Cub Scouts.
